

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement precision since the year 1959. The Lull telehandler can really help make the work easier and faster, whether the task entails positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers so as to help do whatever work.
