

## **Forklift Electrical Part**

Forklift Electrical Parts - Lift trucks could be particularly marked for use in dangerous places. A labeled forklift denotes the design has met the minimum requirements of ANSI/UL 558 meant for engine powered forklifts or ANSI/UL 583 utilized for electric lift trucks for the type of label attached.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance provider and Fire Marshall for more info about the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels could be placed. A labeled truck would have the type description put on the forklift nameplate and would have one of the following labels placed.
