

## TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, lift trucks play a major role for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread worldwide.

In 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM started building forklift manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures numerous models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
