

Spreader Bars for Forklift

Forklift Spreader Bars - Proudly operating ever since 1974, ELME Spreader AB is the largest independent spreader producer around the globe. They have been a devoted producer of spreaders utilized for various applications such as the handling of containers, swap bodies and trailers.

ELME now has over 125 employees with all engineering is done in-house by way of using all of the most up-to-date CAD systems and FEM tools. Their spreaders are supplied to reach lift trucks, gantry, quayside, ship-to-shore cranes, stackers and straddle carriers across the world.

The ELME product range offers spreaders used for a variety of trailer and container handling operations. Some of their inventory include: Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail Mounted and Rubber Tired Gantry Cranes plus a wide array of attachments.

Manufacturing and production of ELME products are established in highly automated purpose built factory. In the year 2008, they made 1150 spreaders by means of using quality components to be able to ensure reliability and excellent standards. Major characteristics of ELME consist of design simplicity, market reaction and ground-breaking modular spreader concept.
